SABELO DLAMINI

MULTIMEDIA DESIGNER

ABOUT ME

My name is Sabelo Dlamini, a multimedia designer and front-end programmer based in Midrand, South Africa. With a degree in Digital Communications and over two years of experience, I excel in design principles, typography, and color theory. I am proficient in Adobe Creative Suite (Photoshop, Illustrator, InDesign), Premiere Pro, After Effects, HTML, CSS, JavaScript, and React.

I have a proven ability to create high-quality designs and functional digital solutions, showcased in my portfolio. My strong communication skills, attention to detail, and collaborative mindset have contributed to successful team projects, including the production and promotion of short films. I am dedicated to delivering professional, high-standard work on time.

EXPERIENCES

GRAPHIC DESIGNER

2020 - 2020

HIRT & CARTER (INTERNSHIP)

During my final year of college, I had the opportunity to work at Hirt & Carter. This was an invaluable first working experience, as it gave me insight into the inner workings of a large corporation.

GRAPHIC /WEB DESIGNER

2021 - 2024

CRYPTO BANTER

Crypto Banter was my first job after college, and it was an exciting experience. Working for this crypto media company allowed me to gain valuable knowledge about cryptocurrency and the industry as a whole.

EDUCATION

KENMONT HIGH SCHOOL

2013 - 2017

BACHELOR PASS

I attended Kenmont High School in Durban.

KEYLINE COLLEGE

2017 - 2020

DIPLOMA DIGITAL COMMUNICATIONS

I attended Keyline, where I studied graphic design, video production, animation, and programming.
